Imagine this concept plan customised to your yard.
We can discuss the possibilities today.

WE CAN MAKE A DIFFERENCE

We take an interest in the over-all setting for your pool, not just the pool, because the over-all look and position are important.

We consider an area for sun baking, and for shade, and of course, the all important water. We also consider the impact of legal fencing requirements as you do not want fencing to detract from the view of your new pool.

When choosing materials, it is usually best to stick to the theme that is already existing around your property. New materials and colours may look great, but upgrading your property to match can get very expensive.

You can have this design **custom fitted to your yard** in sizes from 6M up to 12.5M ...simply call us for a chat:
